

Minutes – CNHARC Steering Committee
On the air meeting – Nov.13, 2006

The November CNHARC Steering Committee was held on the on Monday, November 13, 2006. The following officers and committee chairmen checked in:

Doug – KB1MGL
Tony – AC4SD
Ed – N1EO
Bob – KB1JCL
Doug – K2ITX
Cliff – N1RCQ

Arrangements for the club Christmas party are coming together. Dave (KA1vJU) is taking reservations.

A report from Doug (KB1MGL) on his discussions with Belknap Fairgrounds officials was discussed. Several committee members voiced concern about the suggestion that club members help out at the annual fair with parking and tickets. Doug will follow up with more talks with fair officials. Most committee members agreed that we should still try to get permission to use the fairgrounds for next year's field day activity but not agree to direct parking, etc.

There were no questions or comments on Tom's (K1LQN) treasurer's report.

There was no program coordinator's report.

The Ares SEC exercise for Saturday, Nov. 18 will be discussed on the Wed. night net.

Bob reported that Cables for the 6 meter repeater are coming.

Doug (K2ITX) reported that he is running into problems borrowing digital projector. Presenters may have to bring their own projector or perhaps the club should buy one of their own. Subject to be discussed later.

Sled dog races are scheduled for Feb. 9, 10, and 11 in Laconia and on Feb. 16 in Sandwich. The club has been asked to again provide communications for these events/.

The next meeting will be held at the Meredith Library if Doug (K2ITX) can get the OK form the librarian.

All committee members were asked to submit articles to Mike – N1VE via email for the December Communicator. Mike is preparing the newsletter from his Florida during the winter.

Meeting was adjourned at 7:38 PM, Respectfully submitted, Doug Mertz – Sect. pro tem
